02-21062 BATTING TEE ALL SOFT

Supporto in gomma sintetica molto elastica; scomponibile in 2 parti base e supporto. La nuova base di supporto è appesantita, tanto da impedire il ribaltamento anche se si colpisce il supporto. Appositamente per ridurre l'ingombro durante il trasporto. Altezza fissa a cm 60.

It is realized with very elastic synthetic rubber; dismantled in 2 parts: base and support. The new supporting base is heavy, so the batting tee can't reverse even if you hit the support. It is purposely studied to have small dimensions, easy to carry on. Fixed height cm 60.

PESO/WEIGHT kg 3,000
ALTEZZA/HEIGHT cm 60
