

Keeper Table

goalkeeper training

*Keeper Table è un attrezzo trasportabile per l'allenamento dei portieri, caratterizzato da una superficie orientabile, idonea a deviare la palla con minimi movimenti non percepibili dall'atleta, ed un'impugnatura rigida. Pensato per allenare la **reattività del portiere** simulando situazioni in cui si verificano deviazioni ravvicinate che modifichino in modo più o meno sensibile la direzione della palla.*

*Keeper Table is a transportable tool for goalkeeper training, characterized by a swivel surface, suitable to divert the ball with slightest imperceptible movements by the athlete, and a rigid handle. Keeper Table is born to train and reactive the **goalkeeper quickness of answer**, simulating situations in which happen a close diversions that changing the ball direction in a less or more sensible way.*
